The Faculty of Medicine and Department of Post Graduate Medical Education is committed to supporting trainees serving on the front lines during the COVID-19 pandemic. We are pleased to provide the following supports to those who may require them:

1) **Short-term accommodation for displaced trainees**

   The cost of accommodation for those displaced from their primary residences for mandatory or voluntary isolation will be covered for the duration of your isolation. Costs associated with your home residence will not be eligible. Immediate accommodation at local hotels can be provided on short notice while a short-term rental is arranged. Short-term rentals can be arranged on an urgent basis, but typically take 24-72 hours depending on availability.

   To make a booking please contact Lisa Bevacqua at lisa.bevacqua@utoronto.ca, including the dates you will require accommodation and the hospital site at which you are working in your message.

   Costs accrued for isolation accommodation before April 10 may also be eligible for reimbursement. Please contact Lisa Bevacqua at lisa.bevacqua@utoronto.ca for more information.

2) **Car rentals**

   The Department can provide trainees with no-cost rental cars. A car rental can typically be arranged within 24-48 hours.

   To make a booking, please contact Lisa Bevacqua at lisa.bevacqua@utoronto.ca, including the dates for which you will require the car rental and your address in your message. A rental location will be found in close proximity to your location.

   We are unable to cover any other transportation costs at this time (including those associated with public transit, ride shares or taxis.)

   **These supports are made possible thanks, in part, to the Faculty of Medicine’s generous corporate partners. We extend our sincere appreciation to:**

   - Enterprise Holdings
   - Chelsea Hotel, Toronto
   - DoubleTree by Hilton Hotel Toronto Downtown
   - Fairmont Royal York
   - Hilton Toronto
   - Marriott Downtown at CF Toronto Eaton Centre
   - Novotel Toronto Centre
